Wisconsin has various types of civil orders of protection, commonly referred to as Restraining Orders: domestic abuse, harassment, and vulnerable adult are three. Petitioners, (persons seeking a Restraining Order) who have received a Temporary Restraining Order (TRO) can register for automated notification of when the TRO has been served on the Respondent or when firearms have been surrendered. They can register via computer at www.vinelink.com or by calling toll-free at 1-855-948-7648.

To register you will need your 12 digit CCAP case number, the county that issued the TRO and the Respondents first and last names. Make sure you are spelling the name the same way it is spelled in Wisconsin Circuit Court Access (formerly CCAP) at: www.wcca.wicourts.gov. You will then be able to register to receive notification. Please note that notification is only generated when TROs are served or firearms are collected by law enforcement and not private process servers or third parties.

VINE and VPO services are designed to empower and protect crime victims, improve personal and public safety and assist corrections, law enforcement and victim service providers. WI VINE is provided by your County Sheriff and the Wisconsin Department of Corrections.

COUNTY JAILS
